# IASN 61<sup>st</sup> Annual Conference

## *New Challenges for School Nursing Practice: Need for Increased Vigilance*

**Target Audience:** Registered nurses holding an Illinois professional educator's license in school nursing (PEL-CSN) and registered nurses working in schools or with school communities.

**Conference Outcomes:**

School health initiatives and the care of students with various health conditions has become increasingly complex. Participants will be able to describe how new approaches for population-focused care of students and advances in the care of common health conditions can be specifically integrated into that practice.
