

You are Invited to the DuPage Valley School Nursing Event

The Changing “Face” of Your Student with
Cystic Fibrosis

Lead Presenter: Peggy Garvey, APN, CPNP

Specialty: Pulmonary Medicine
Undergraduate School: University of Wisconsin – Milwaukee
Graduate School: University of Iowa

Ms. Garvey’s background spans more than 30 years of pediatric nursing experience as a master’s prepared pediatric nurse practitioner and is further strengthened by focusing on pediatric pulmonary medicine at a recognized Cystic Fibrosis Center for the last 14 years.

Purpose:

The purpose of this activity is to enable the learner to understand the impact cystic fibrosis has on the school aged child and how to best advocate for them.

Objectives:

- Define the goals of treatment in cystic fibrosis
- Identify strategies to manage potential impact on education and attendance in the student with cystic fibrosis
- List resources, accommodations and communication methods to best advocate for the student with cystic fibrosis, their family, and the school

Continuing Education Information:

The planners and speaker have no relevant financial relationships to disclose.

Criteria for successful completion are to attend the presentation in its entirety and complete the program evaluation. An application for approval of nursing contact hours has been submitted to the Cadence Health Provider Unit. Please call Libby Zamis at 630.933.6694 for more information about the contact hours. TTY for the hearing impaired 630.933.4833.
