Department of Special Education

*Committed to excellence ...  
improving outcomes for all students*

The IASN Approved Provider Unit is a provider of continuing nursing education authorized by the Midwest Multistate Division, an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation.

## February 28, 2018 Mental Health, Medications and the School Nurse?

***Mental Health is a concern of many students encountered in the health office. Current knowledge of the frequent diagnoses seen in school age students and medications used to treat them is necessary for the school nurse to provide optimal care for the students. School nurses provide a vital link in re-introducing the student to school after hospitalization.***

Presenter: Monika Neale, LCP, NCSP, RxP Resident at Alexian Brothers Center for Mental Health, Assistant Professor, National Louis University.

This offering is being presented for 1.5 nursing Contact Hours  
Questions about the activity and continuing education credits should be directed to Mary Girardi at [girardi6@comcast.net](mailto:girardi6@comcast.net)
